## **LET US FOCUS ON THE NEEDS OF THE POOR.**

The ZTE National Broadband (NBN) corruption scandal has created a major crisis that is beginning to hurt the country and our people, especially the poor.

1. It has shaken up the people's faith in their government, and may severely affect the Arroyo administration's effectiveness to lead the country.
2. It is sending the wrong signals to investors, both local and foreign. There are now in a wait-and-see mode. Awaiting such much needed job-generating investments until the issue is resolved.
3. It will reverse, if not wipe out some of the notable gains in the economic front.

### **NOT ALL IS NOT LOST YET.**

1. The Arroyo administration, with clear instructions from the President, brings a credible closure to the scandal thru a fair, impartial and transparent investigation **AFTER WHICH CHARGES ARE FILED, AND THE GUILTY PARTIES PUNISHED, NO MATTER WHO THEY ARE.**
2. The Arroyo administration should **IMMEDIATELY ADDRESS THE URGENT NEED FOR SAFETY NETS FOR THE POOREST OF THE POOR** so that basic services are readily made available to them. Basic food commodities, decent housing, LPR, and reasonable transportation costs.

**ALL THESE WILL NOT COST MUCH PROVIDED THERE IS FISCAL TRANSPARENTLY EFFICIENT IMPLEMENTATION AND YES, LESS BUREAU.**

### **IN THIS REGARD, GOVERNMENT AND THE PRIVATE SECTOR CAN JOIN HANDS TO REFINED AND IMPLEMENT A ROBUST SUBSIDY SYSTEM**

1. **A valid voter's ID card serves as the collecting document and will validate a person who qualifies for subsidy.** The VOTER ID is for the voter's name, address and barangay. At the same time, and equally important, this will allow us to avoid the voters' list in preparation for the forthcoming 2010 election.
2. The Departments of Trade and Industry, Energy and Social Welfare and Development can coordinate with **NGOs, religious groups, business organizations and Consumer Sector - COPW** to assist out the needs.

**IN THE LIGHT OF THE COPW POSITION AGAINST THE SUBSIDIZATION OF THE 1ST SET OF CRUDE OIL AND THAT FINISHED FUEL PRODUCTS IN THE MARKET FOR A MONTH -**

- + The Consumer Sector appeals to Congress to consider increasing the budget of the DWD to **SUBSIDIZE THE SAFETY NETS FOR THE POOREST OF THE POOR.**

The Consumer Sector (COPW) and Business Organizations will work in tandem with the DOX, BIR for **PROACTIVE** measures to address **IMPERFECTATION, MISCLASSIFICATION AND OVERTIGHT SUBSIDIZING.**

COPW will work closely with the Department of Energy, Department of Finance, the Senate and the House, and the Executive Branch for the adoption and implementation of necessary measures that will ensure **TRANSPARENCY AND ACCOUNTABILITY** at all times.

### **The COPW also seeks the following urgent measures:**

- Expand the Meritas electricity subsidy to households which consume at most 300 kWh per month from the present ceiling of 100 kWh.
- Give 11 KG LPG tank per family per month must be made available to disadvantaged areas in Metro Manila.
- With oil hitting \$94 per barrel, there is need to fast-track the development of shore gas-powered engines and CHNG as an alternative fuel source. Our neighboring countries are ahead of us in the development and use of alternative fuel sources.
- The Department of Energy must accelerate the program to switch to CHG for buses, freight trucks, and jeepneys in Metro Manila. CHG costs **ONLY P14.52 per liter consumed is EQUAL to P27.38 per liter.** The **Subsidies of P22.86 per liter is equivalent to P-1.10 a day** for a City bus running 220 kms a day.
- **Extend DTI function in the poorest areas for the availability of new or second-hand City Buses from abroad.** The acquisition of City Buses will reduce and improve the present public utility system.

Figure 10-10: Factorial ANOVA results for the two-factor, two-way, groups, unbalanced, post-hoc analysis. The table shows the results of the ANOVA for the two factors, Factor 1 and Factor 2, and their interaction. The results are presented in a table with columns for the factor, the sum of squares, the degrees of freedom, the mean square, the F-value, and the p-value. The results show that Factor 1 has a significant effect on the dependent variable, while Factor 2 and the interaction between the two factors do not have a significant effect.

There are several reasons why the results of this study may not be generalizable to other populations. First, the study was conducted in a single, urban, tertiary care hospital. Second, the study was limited to patients who were able to provide informed consent. Third, the study was limited to patients who were able to tolerate the procedure. Fourth, the study was limited to patients who were able to follow the instructions of the study. Finally, the study was limited to patients who were able to complete the study.

## Musharraf's allies concede poll defeat

ISLAMABAD (AP) — Pakistan's President Pervez Musharraf's allies have conceded defeat in the Sept. 8 general election, paving the way for the return of the civilian government.

Musharraf's allies, including the Pakistan People's Party (PPP), the Pakistan Muslim League (PML) and the Awami National Party (ANP), have agreed to a coalition government with the PML-N, the party of the outgoing prime minister, Nawaz Sharif.

The coalition government will be led by the PML-N's Nawaz Sharif, who was elected prime minister in the Sept. 8 election. Sharif's party, the PML-N, won 282 of the 342 seats in the National Assembly.

The coalition government will also include the PPP, the ANP and the PML-Q, the party of the outgoing president, Asif Ali Zardari. The coalition government will be responsible for the formation of the cabinet.

The opposition, led by the Pakistan People's Party (PPP), has also conceded defeat. The PPP's leader, Benazir Bhutto, was elected to the National Assembly in the Sept. 8 election.

## Peer jots down a historical milestone

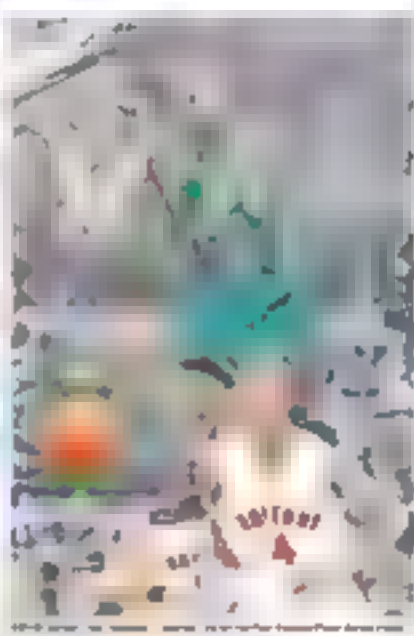

PHILIPPINE DAILY INQUIRER, MAKATI, MANILA, MONDAY, FEBRUARY 14, 2005. The basketball team of the Philippine National Police (PNP) won the 2005 PBA Cup by defeating the San Miguel Beermen 101-90 in the final game at the Araneta Coliseum. The PNP team, coached by Ramon Fernandez, won their first PBA Cup title in 20 years. The game was a historic moment for the PNP team, as they defeated the San Miguel Beermen, who were the defending champions. The PNP team's victory was a testament to their hard work and dedication throughout the season.

## Garnett still MVP favorite

### Modest numbers hide KG's value to Celtics

PHILIPPINE DAILY INQUIRER, MAKATI, MANILA, MONDAY, FEBRUARY 14, 2005.

PHILIPPINE DAILY INQUIRER, MAKATI, MANILA, MONDAY, FEBRUARY 14, 2005. The Boston Celtics' Kevin Garnett remains the favorite to win the NBA Most Valuable Player (MVP) award, despite his modest statistics. Garnett's value to the Celtics is evident in his leadership and defensive prowess. He has been instrumental in the team's success, leading them to a strong position in the Eastern Conference. His ability to play both offense and defense makes him a unique and valuable asset to the team. Despite his modest numbers, Garnett's impact on the team is undeniable.

**HSBC bullish on RP, expects 6% GDP growth**

HSBC is bullish on the Philippines, expecting 6% GDP growth in 2010. The bank's chief economist, Paul Tan, said that the Philippines is one of the most attractive investment destinations in the region. He noted that the country's strong economic fundamentals, including a growing middle class and a stable political environment, are key factors driving its growth. Tan also mentioned that HSBC is increasing its investment in the Philippines, particularly in the infrastructure and services sectors.

NEW YORK, N.Y. (AP) — A major earthquake struck the New York City area on Tuesday, causing widespread damage and casualties.

The earthquake, which had a magnitude of 7.0, was felt across the entire New York City area and parts of New Jersey and Connecticut. The epicenter was located in the Hudson River, about 10 miles from New York City.

The earthquake caused widespread damage to buildings, bridges, and infrastructure. At least 100 people were killed, and thousands were injured. The damage to property was estimated to be in the billions of dollars.

# The prom date's worst nightmare

By Susan Ladd

When it comes to prom, the worst nightmare for a date is not being able to find a date. For many students, the search for a date is a stressful and often frustrating process. Some students find their dates through friends, while others use online dating services. However, the pressure to find a date can be overwhelming, especially for those who are shy or have a hard time making friends.

**How to Play**

Sudoku is a logic-based puzzle game. The objective is to fill a 9x9 grid with digits so that each column, each row, and each of the nine 3x3 subgrids (also known as "regions") contain all the digits from 1 to 9. The grid is pre-filled with some numbers, and the player must deduce the correct numbers for the empty cells.
